Account And Login

Document owner: Account Services | Effective year: 2026 | Version: 1.0

Resetting your password

1. Open the NexaCart sign-in page and click "Forgot password?".

2. Enter the email address registered with your account.

3. Open the reset email from no-reply@nexacart.com and click "Reset password". The link is valid for 30 minutes and can be used only once.

4. Choose a new password with at least 8 characters, including one number and one symbol.

After a successful reset you are signed out on all other devices for your security.

Password reset email not received

• Allow up to 10 minutes for the email to arrive.

• Check your Spam, Junk and Promotions folders.

• Add no-reply@nexacart.com to your safe-senders list.

• Make sure you entered the email address used at sign-up; we cannot send reset links to unregistered addresses.

• You can request a new link after 2 minutes; requesting a new link invalidates the previous one.

If you still do not receive the email after these steps, contact support and we will verify your identity and reset the password manually.

Account locked after failed attempts

For security, an account is locked for 30 minutes after 5 failed sign-in attempts. You can wait 30 minutes or unlock it immediately with "Forgot password?".

Two-step verification (OTP)

One-time passcodes are sent by SMS or authenticator app and expire after 5 minutes. If you changed your phone number and cannot receive codes, use one of the 10 backup codes shown when two-step verification was enabled, or contact support for identity verification.

Changing your email address

Go to My Account > Profile > Email, enter the new address and confirm it from the verification email. Your order history stays linked to your account.

Suspicious activity

If you see orders or changes you did not make, reset your password immediately and contact support. Our Trust & Safety team reviews compromised-account reports and can freeze the account to prevent further orders.

Deleting your account

Account deletion can be requested from My Account > Privacy. Deletion is completed within 30 days; open orders and refunds must be completed first.
