Refund Policy

Document owner: Returns & Product Support | Effective year: 2026 | Version: 1.0

Return window

Most items can be returned within 30 days of delivery for a full refund. Items must be unused, in their original packaging and with all tags attached. Footwear must be tried on indoors only and returned with the original shoe box.

Non-returnable items

Gift cards, personalised or engraved items, opened personal-care products, underwear and swimwear (hygiene seal removed), and perishable food cannot be returned unless they arrived damaged or defective.

How to start a return

1. Go to My Account > Orders and select the order.
2. Click "Return or Exchange" and choose the item(s) and reason.
3. Print the prepaid return label (free for returns within 30 days) or choose a drop-off QR code.
4. Drop the parcel at any partner courier point within 7 days of creating the return.

You will receive an email confirmation when the return is created and again when it is received at our warehouse.

Refund timelines

Refunds are issued to the original payment method within 3 business days after the returned item is received and inspected at our warehouse. Your bank may take an additional 5-10 business days to show the credit. Original shipping fees are refunded only if the item was damaged, defective or sent in error.

Exchanges and wrong size

Size and colour exchanges are free within 30 days. Start an exchange from My Account > Orders > Return or Exchange and choose "Exchange". The replacement ships as soon as the courier scans your return parcel. If the new size is out of stock you will receive a full refund instead.

Wrong item received

If you received an item different from what you ordered, report it within 14 days of delivery. We send the correct item at no cost and provide a prepaid label to return the wrong one.

Late returns

Returns received between 31 and 45 days after delivery are accepted for store credit only. Returns after 45 days cannot be accepted.
